

THE SPIRITUAL, MORAL, SOCIAL AND CULTURAL DEVELOPMENT OF PUPILS

AIMS OF THE POLICY

Part of the strategic vision of Tonbridge School is that we seek to encourage a heightened sense of **Individual and Collective Social Responsibility** so that along with the privileges and advantages of a Tonbridge education, there is also a strong sense of social responsibility across the entire school community (staff as well as boys) based on self-knowledge, carefully fostered spiritual and moral values, and a grounded, outward-looking awareness of others. We offer **Co-Curricular Breadth and Depth**, with a vibrant and balanced programme encompassing sport, music, art, drama and many other activities to underpin a culture of creativity, innovation and excellence, but also to provide opportunities for service to others, self-reliance and leadership.

The aim of this policy is to outline the opportunities through which:

- Boys can develop their self-knowledge, self esteem and self confidence.
- Boys can distinguish right from wrong and respect the law.
- Boys gain a broad knowledge of public institutions and services in England.
- Boys are able to acquire an appreciation of and respect for their own and other cultures in a way that promotes tolerance and harmony between different cultural traditions.
