The CCF parades every Wednesday during term time from 1400 – 1600. Local MOD training areas which offer the opportunity for off-site training are located at Crowborough, Mereworth and Hythe.

Further afield, the Royal Navy arranges courses during the Easter and Summer holidays at a variety of establishments, including a camp at BRNC Dartmouth, as well as training afloat. Army camps are held in the summer at locations such as Sennybridge and Longmoor, and the Army also puts on regular leadership training courses at Frimley Park. The RAF offer flying experience on a regular basis during term time, as well as a summer camp at an RAF station.

In addition, we are always encouraged to arrange Field Days with the services both at home and abroad, and all the services support us with training, personnel, equipment and uniforms.
