FROM APPLICATION TO AWARD

DT&E SCHOLARSHIPS FOR 2027

Scholarship criteria

Design, Technology and Engineering (DT&E) Scholarships are awarded based on exceptional ability, passion and potential.

Number of scholarships available

There are eight scholarships available across the following subjects. Fewer awards may be made if the required standard is not met:

- DT&E
- Art
- Drama

When to apply

Boys in Year 8 who have accepted their place at Tonbridge School may apply for a DT&E Scholarship. Applications are not accepted before this stage.

How to apply

The application form will be available through each candidate's Tonbridge School applicant account when applications open.

What to expect next

After completing the application form, candidates will be invited to an assessment day at Tonbridge School, comprising a practical assessment and a fifteen-minute interview.

Candidates will be sent two pieces of pre-work as follows. The completed documents should be brought along on the scholarship assessment day and/or submitted digitally in advance.

1. A **design task** which provides the opportunity to demonstrate creative problem-solving ability, technical knowledge, in addition to technical and communication skills.
2. An **evidence of work** form in which to showcase the candidate's best practical/project work - completed at school in lessons, in clubs, or at home. There is space for six images (photographs of physical work or screenshots of digital work).

Please note, practical work should not be brought to the interview.

Recommendation

The awards are determined by both recommendation and assessment. We will contact your son's current school for a supporting statement to be co-signed by the Head and relevant Head of Department, so please do inform your son's school that he is applying for a DT&E Scholarship.

Age Limit

Candidates for DT&E Scholarships must be under 14.0 on 1 September 2027.

Multiple Awards

A DT&E Scholarship may be held in conjunction with any other scholarship awards.

Remission Amount

DT&E Scholars will be awarded a prize of £2,000, which will be deducted from the first term's fees.
